

# ***Application for taking the 03-60-140 Test-Out Option***

Details about the Test-Out option are available here.

Your Name:

Your UWin ID:

Your e-mail address:

Which programming language have you learned at the school you attended: C, C++, Java, C#

**(You must attach a copy of your transcript from your school)**

It is preferred that you use your UWIN account when you register. If you do not have a UWIN account, visit:

<http://www.uwindsor.ca/uwinid>. The result of the test will be communicated to you using the e-mail address you provide. It will also be posted on the website [www.cs.uwindsor.ca](http://www.cs.uwindsor.ca) on September 13. If you are successful in getting 78% or more in the test, you have the option of dropping 60-140 (note that you may still decide to remain in 60-140). **It is your responsibility to drop 60-140 lecture and lab from your schedule.**

If you are **successful in getting 78% or more** in the test and you would like to **register in 60-141** in the Fall term, please

- fill in an add/drop form (available from the CS office at 5114 Lambton Towers) to add 60-141 lecture and lab to your schedule.
- leave the completed form with the undergraduate secretary in 5114 Lambton Towers and
- start attending 60-141.

## **Declaration:**

I am aware that I **WILL NOT** receive credit for 60-140 if I am successful in the test to be held on September 11 in Toldo 204 and that a note will be added to my file showing that I have successfully passed this test. If I am successful in the test and decide not to take 60-140, I will have to take some Computer Science major course (60-104, 60-106, 60-205, 60-207, 60-270, and 60-305 are not CS major courses), not required for my degree program, to substitute for 60-140, so that the total number of Computer Science major courses I take at this University is the number specified in my degree program. I agree to pay a fee of \$50.00 for taking this test.
